

FOME/01/22

# Maintenance Engineer

**Location** Foyle Omagh  
52 Doogary Road  
Doogary  
Omagh BT79 0BQ

**Salary** TBC

**Closing Date** 27<sup>th</sup> May 2022

**Foyle Omagh** requires a Fabrication / Mechanical or Electrical Maintenance Engineer at their site on the outskirts of Omagh, Co Tyrone. This is an exciting opportunity to join a well-established beef processing Company in the UK and Ireland.

The successful candidate will be part of the Foyle Omagh Maintenance team, assisting in the day-to-day and preventative maintenance programmes.

The shifts for the day shift operations are currently 0600 > 1530 and 0800 > 1730. Totalling 45 hours per week with opportunities to undertake additional hours. Occasional preventative maintenance work on a Saturday and Sunday.

## Essential Criteria:

- Minimum NVQ level 3 in either Fabrication / Welding, Mechanical / Maintenance Engineering or alternatively Electrical Installation
- Previous experience in either TIG welding equipment, three phase electrical equipment or previous experience within a maintenance / mechanical role
- Flexible approach to working hours
- Ability to work in a team in a pressurised environment

## Desirable Criteria:

- Multi-skilled and have experience in a similar role with a recognised apprenticeship
- Previous experience in a food processing environment

The Company reserves the right to expand the shortlisting criteria to facilitate the shortlisting process.

To apply please forward CV / Application Form to:

The Monitoring Officer
