

The Foyle Food Group is a family-run group of companies with a farming heritage dating back several generations. Our core business is slaughtering, deboning and rendering beef across six facilities in Ireland and the UK. We supply quality beef to leading retailers, manufacturers, foodservice providers and butchers across the world.

Multi-skilled Engineer

Reference No: FD/MSE/4/21

Situated 5 minutes from Derry City, **Foyle Donegal** requires a Multi-Skilled Engineer working as part of the Engineering Team. The successful candidate will be responsible for the supply, service, maintenance and repair of all equipment within a very busy production site in order for output to be maintained at optimum efficiency. Preference will be given to applicants who are mechanically biased and/or who have extensive experience of refrigeration.

Essential Criteria:

- ONC in Mechanical Engineering with recognised Apprenticeship
- Welding experience including welding stainless steel.
- Relevant Engineering experience within an industrial environment
- Highly motivated with ability to work on own initiative
- Proven problem-solving abilities and effective communication skills
- Managing repairs and ensuring downtime is kept to a minimum

Desirable Criteria

- Experience with Pneumatics and hydraulics
- PLC knowledge
- Refrigeration experience
- Full understanding and application of drawings and handbooks

Closing date for receipt of applications is **Friday 30th April 2021**.

The above criteria may be enhanced to facilitate shortlisting. If you think you have the necessary skills, drive and ambition please forward application in writing, enclosing C.V. and stating job reference Number to:
